Portions of the above described public lands contain wetlands. The patents to parcel numbers CI-9 (Section 13), BV-2 (Section 3), and BV-6 will contain wetland protection patent restrictions. The type, location, and size of each wetland will appear in the patent as well as the following restrictive language:

In accordance with Section 209 of the FLPMA of 1976, 43 U.S.C. 1718 (1976) and Section 4 of Executive Order 11990 (1978), 3 Code of Federal Regulations 121 (1978), the patentee's use of the patented lands is restricted as follows:

1. Restrictions on use of wetlands contained in applicable federal, state, or local wetlands regulations are incorporated hereby as if set forth fully herein.

2. The patentee may not use the patented land, or authorize its use, in such a manner that would directly or indirectly result in an adverse alteration of the wetland characteristics or category of that portion of the lands identified above as wetlands.

The patent restrictions are binding upon the patentee and his successors, heirs, and assigns.

Sealed written bids will be considered only if received by the Bureau of Land Management, 200 NW. Fifth Street, Room 548, Oklahoma City, Oklahoma, 73102 prior to 10:00 a.m., Monday, April 30, 1984. A separate written bid should be submitted for each sale parcel desired. The tract number should also be identified on the lower right hand corner of the mailing envelope (example, Land Sale—Tract CI-10). Each written sealed bid must be accompanied by a certified check, postal money order, bank draft, or cashiers check made payable to the Department of the Interior, Bureau of Land Management for at least twenty percent of the amount bid. The written sealed bids will be opened and publicly declared at the beginning of each sale. If two or more envelopes containing valid bids of the same amount are received, the determination of which is to be considered the highest bid, shall be by drawing.
